Younger generation can read this book and learn something new from that. Also you can relax, spend your time with book instead of TV shows and social media.

"Sherlock Holmes and his adventures" is one of my favorite book. I like the main character, the atmosphere of old London and actually simple text. After reading this I become read worm. Also I become smarter. This book made me like literature overall.

If you like detectives, London and so on, you will definitely like Sherlock Holmes.

Have a good day, dear reader
